IPA Zambia Presents at the 2019 Ministry of Health Family Planning Annual Review Meeting

On May 8, IPA Zambia presented on global research findings at the Ministry of Health's 2019 Family Planning Annual Review meeting in Chongwe, Zambia. The Family Planning Annual Review meetings are attended by Ministry of Health officials from national and provincial levels and family planning stakeholders in Zambia to discuss the country's progress towards achieving the Family Planning 2020 goals. The theme of this year's meeting was “Towards 2020 and Beyond: Identifying Gaps and Quick Wins—Planning Beyond 2020.” IPA Zambia Senior Research Associate, Aldina Mesic presented on "Recent Global Family Planning Research Findings and the Implications for Zambia's Strategy for 2020 and Beyond."
