

Francophone West Africa 💎 🕮

Intro-unions for Proverly Action (PA)-discours and pictor less effectus solutions to global givering positiens. We design, rigo-cusly weatures, and misro these solutions and their applications together with discision makes to ensure that the existence created is used to improve opportunities for the workth poor. Since our founding in 2002, PA has socked with more than 400 leading academics to manage over 600 evaluations in 51 countries. Our development in the region is mainly in the line family family development in 51 countries. Our development in the region is mainly in the line family development. A family of the private sock to card deep knowledge of locationaries.

More Evidence

In Burlinn Faco, Mail, and Citte of hoirs, we have confinued our global tradition of rigorous, applicable research by building foundational research capacity and conducting evaluations in awas of pressing retional to retem. Examples of our research below offer you mining insights into everyday touses that affect the lives of the West African poor.

SMALL AND MEROWAL EXPERTINES

Youth unemployment is an activity problem incode-Saharan Africa. In 2010,

Obte d'hori er experienced a post election crisis, which negatively impacted the
economy and young populars jab to oper horize the seeawhers are working with
the government of CD set this er to evaluate the impact of a public appearationably
program on access to apprenticeships, youth employment, and skills. The
apprentices hip program surgesh 5,000 tow-skilled youths aged this but by years old
inthe main urban awars of the country. The woulds of this well-act half inform
the design of the neation all appearationship system, and future investment in
apprentices hips in CD technical beyond.

SANETATION

In Chappido agos up only about 50 pecess
for househild six use improved sandation
services. Municipalities need better
information on the underlying values
of the services increte to develop the
optimal prices instructure. The post
will help to collect that information
and develop princip structures better
and develop princip structures better
and adapted all generating increased takeup of the improved sandation services.

HEALTH

Family planning and sexuality can be
family
