Financial Inclusion Program Presents at the 14th UMM Workshop on Responsible Inclusive Finance

Sneha Stephen (Program Coordinator, IPA) gave a presentation and participated in a panel on “Preventing crises and addressing over-indebtedness through responsible finance” at the Frankfurt School of Finance & Management’s 14th University Meets Microfinance (UMM) Workshop on Responsible Inclusive Finance. She presented research from randomized evaluations of microcredit and their implications for improving client screening, reducing delinquency, and addressing over-indebtedness. More information about the event is available online.
