## IPA Zambia Presents at the 8th Zambia Health Research Conference

From October 15-17, IPA Zambia presented at the 8th Zambia Health Research Conference, hosted by the National Health Research Authority (NHRA). The conference was organized by NHRA with support from the Ministry of Health and the U.S. President's Emergency Plan for AIDS Relief (PEPFAR). The theme for this year's conference was "Breaking New Ground in Health Research: Moving From Results to Implementation Without Leaving Anyone Behind." Among the range of national and international researchers who presented findings, Research Associate, Aldina Mesic shared results on household savings during pregnancy (slides). Country Director, Carlos Acero, presented on the impacts of growth charts on monitoring stunting.
