

## Evidence Summit 2019: Concept Note

Improving education sector performance is a key policy priority for the Government of Ghana, and the Ministry of Education is currently undergoing a sector reform towards achieving effectiveness in education services delivery. To ensure that well-intentioned policy goals translate into improved learning outcomes, decision-makers are eager to: (1) learn about interventions and innovative practices that have proven to work; and (2) use such evidence and innovative solutions to improve planning and education services delivery.

The Evidence Summit, which forms part of the National Education Week (NEW), will bring together policymakers, researchers and practitioners to: a) share rigorous evidence that has been collected about innovative approaches to improve learning outcomes, in Ghana and internationally; and b) identify ways in which evidence can be used to drive the implementation of priority reforms, and facilitate better decision-making processes.
