IPA & Graduation Model Featured on PBS NewsHour

PBS NewsHour reported from Ethiopia on <u>IPA's research</u> examining the Ultra-Poor Graduation model, which targets the world's poorest. Tedros Kesete explains the data collection process, and economists <u>Dean Karlan</u> & <u>Rachel Glennerster</u> explain why the coordinated set of studies also tested the model in <u>Ghana</u>, <u>Honduras</u>, <u>India</u>, <u>Pakistan</u>, and <u>Peru</u> and how good data can help us identify the most effective poverty solutions.
