IPA Holds M&E Workshop for Supreme Court of the Philippines: Part 2

On August 22-23, IPA held the second workshop in a Monitoring and Evaluation (M&E) training series for the Supreme Court of the Philippines. The two-day workshop built on the key M&E concepts introduced during the first workshop. 43 Supreme Court staff dove deeper into their theories of change, prioritized areas of their M&E plans, and discussed ways forward. IPA Philippines Country Director, [Nassreena Sampaco-Baddiri](#), opened the event and Dr. Maria Alicia F. Catiling, Deputy Judicial Reform Program Administrator of the Supreme Court Program Management Office, closed the event. The workshop was facilitated by eight IPA staff with assistance from two interns.
