

Teacher Coordinator

Position Summary

Higher Education sub-study aims to provide early childhood development interventions to approximately 4,000 families with children in their primary age located in Western Visayas. The study pilot will commence in April and will deliver foundational, targeted, and straightforward phone-based instructions designed to enhance numeracy and literacy learning outcomes.

The Teacher Coordinators (TCs) will be assigned to conduct assessment and weekly phone calls to deliver simple numeracy/literacy instructions to the students. They will also be assigned to reach out to the families and coordinate with the schools. The TCs will report to the Field Manager and Research Associate.

Responsibilities

- Maintain close communication with the Field Manager and Research Associate. Report any problems and data collection challenges immediately.
- Communicate data quality issues raised by the teachers to the Field Manager in a timely manner.
- Support in monitoring project activities.
- Support in translating the phone call scripts.
- Attend weekly briefings.
- Can commit to work for 3 months.
- Submit deliverables on or before the deadline.

Deliverables:

- Conduct sensitization assessment.
- Conduct weekly phone calls with study participants to deliver numeracy/literacy exercises.
- Promptly forward any queries from parents.

Qualifications

Required

- Bachelor's Degree in education, social sciences, or related field.
- Strong written and oral communication skills in English and Filipino.
- Strong problem-solving and time-management skills.
- Preferably who can speak Bisaya, Hiligaynon, and Kinaray-a
- Experience in conducting and managing surveys, particularly phone-based interviews or surveys.
- Proficient in using MS Word and Excel.
- Strong ability to work and communicate within a team
- Demonstrated attention to detail

Preferred

- Experience in using tablets and electronic data collection applications (e.g., SurveyCTO) is a plus
- Teachers with professional license

About IPA

Innovations for Poverty Action (IPA) is a research and policy nonprofit that discovers and promotes effective solutions to global poverty problems. IPA brings together researchers and

decision-makers to design, rigorously evaluate, and refine these solutions and their applications, ensuring that the evidence created is used to improve the lives of the world's poor. In recent decades, trillions of dollars have been spent on programs designed to reduce global poverty, but clear evidence of which programs succeed is rare, and when evidence does exist, decision-makers often do not know about it. IPA exists to bring together leading researchers and these decision-makers to ensure that the evidence we create leads to a tangible impact on the world. Since its founding in 2002, IPA has worked with over 600 leading academics to conduct over 900 evaluations in 52 countries. This research has informed hundreds of successful programs that now impact millions of individuals worldwide.

IPA's Commitment to Diversity, Equity, & Inclusion (DEI)

As an organization, IPA is dedicated to improving the lives of the world's most vulnerable populations through evidence and policy. We also recognize how important it is for our staff to reflect the diversity of the places where we work and the communities we work with. As such, IPA is committed to hiring from a diverse pool of candidates, from a range of backgrounds, beliefs, experiences, and perspectives. We know that this makes our work stronger and more responsive to the challenges faced by those we work with and for and we encourage people from historically underrepresented groups to apply.
