## Advancing Digital Financial Services

From 28 August to 1 September, 2014, Aishwarya Ratan, Director of the Financial Inclusion Program, participated in discussions involving policymakers and practitioners from around the world at the Responsible Finance Forum and the G20 Global Partnership for Financial Inclusion (GPII) Forum in Perth, Australia. The focus of both events was on assessing how digital financial services can be made accessible to all poor households and the impact that digital financial inclusion can have on economic development.
