Course and Workshop on Experimental Impact Evaluation with the Ministry of Production

IPA Peru, J-PAL, and LAC launched a three-week course and workshop on Experimental Impact Evaluation for policymakers of the Viceministry of Small and Medium Enterprises (SME) and Industry within Peru's Ministry of Production. Participants worked with researchers and J-PAL and IPA staff to develop evaluation designs and presented them to the Viceministry. Prior workshops in this series include an introductory course on impact evaluation and a design workshop.
