Presented by the IPA Financial Inclusion Program

Evidence Showcase: Innovations in Financial Capability and Financial Services for the Poor

Innovations for Poverty Action hosted a webinar on November 5th to showcase the latest rigorous evidence on innovations in financial capability and financial services. The webinar shared the latest insights from research on financial product design, product-related information, and financial education, featuring presentations by Tarek Ghani (Princeton), José Tessada (PUC Chile), and Marina Dimova (ideas42).
