IPA Sierra Leone and UNCDF Hold Behavioral Design Workshop for Digital Financial Service Providers

On May 23, in partnership with the United Nations Capital Development Fund (UNCDF) and IPA's Financial Inclusion Program, IPA Sierra Leone organized a workshop for select financial service providers and government stakeholders – Bank of Sierra Leone, NATCOM, National ID Commission, and the Ministry of Finance's Accountant General's Office – to mainstream client centric design and evaluation methods in the development of digital financial services for government employees.
