Request For Proposals (RFP) | Operations & Startup Consultant for Papua New Guinea

Innovations for Poverty Action (IPA) is a research and policy nonprofit that creates and shares evidence, while equipping decision-makers to use evidence to reduce poverty. With a presence in 22 countries in Africa, Asia, and Latin America, IPA leads the field of development in cutting-edge research quality, innovation, and impact.

IPA is undertaking a broad assessment of the operating environment in Papua New Guinea to determine the feasibility of registering an office, capacity of local partners, ability to conduct research activities in the country, hire staff, and potential risks associated with IPA's activities. IPA is seeking an Operations & Startup Consultant in Papua New Guinea to perform key tasks associated with this initial scoping phase with a key focus on the safety and security environment.

Proposals are due no later than **Friday, 21st October 2022 at 11:00 pm (EDT)** to be submitted [here](#). Late offers will be rejected.
