IPA Participates in Strategic Advisory Council Meeting at World Bank-UNHCR Joint Data Center on Forced Displacement

The Joint Data Center's 2022 Strategic Advisory Council included a panel to gather suggestions, feedback, and other inputs on their new and upcoming Knowledge Agenda, which is envisioned to pivot around four main pillars: data and evidence gap maps, building a virtual marketplace for researchers and practitioners, knowledge dissemination papers, and stakeholders' training and capacity building.

The meeting had opening remarks from [Björn Gillsater](#), Chair of the JDC Management Committee, followed by a keynote speech by [Ana Maria Ibañez](#), Economics Principal Advisor at the Interamerican Development Bank and Professor at the Universidad de Los Andes. Then, the panel discussed the four pillars of JDC's knowledge agenda. [Ricardo Morel](#), Peace & Recovery Program Director, participated as a panelist representing IPA and was accompanied by [Marie Gaarder](#), Executive Director of 3ie, and [Tilman Brück](#), Director of the International Security and Development Center and Professor at Humboldt-University of Berlin. The conversation was moderated by [Jeffrey Tanner](#), Economist at the World Bank.
