WORK EXPERIENCE

August 2023
Until date

INNOVATIONS FOR POVERTY ACTION

Senior Director of Embedded Labs Program

- Sets the strategic agenda and direction for the Embedded Labs Program in West and East Africa, Asia and Latin America; leading the development of frameworks and resources, and exploring areas of innovation.
- Generate global alliances and set up of learning communities around Embedded Labs and the institutionalizing the use of data and evidence by government agencies in the education sector. This includes managing the Evidence Lab Exchange which is composed by government Labs from 8 countries in the Global South.
- Leads IPA Embedded Labs Programs: Manages a portfolio of 24 Embedded Labs in 14 different countries, that aim to support the use of data and evidence by governments. Half of the portfolio are Education Labs.
- Provides technical input to Country Office worldwide, advising them in the development and implementation of Embedded Labs. This includes stakeholder mapping, use of data and evidence assessments, Lab design and institutionalization strategies, strengthening of data and MEL systems, policy driven evidence generation, supporting the use of evidence, among other activities.
- Internal PI with a focus on education. Recent achievements include:
 - Lead the evaluation (replication) of several education interventions in the region, one of them was scaled up by two governments (Paraguay and Panama).
 - Developed a research initiative to support several LAC Ministries of Education in the design and evaluation of policies to provide educational services during the COVID-19 pandemic.

February 2022
August 2023

INNOVATIONS FOR POVERTY ACTION

Regional Director for Latin America and the Caribbean (LAC)

- Leads IPA programs in the LAC region: Manages a budget of 7 to 11 million USD annually, approximately 140 full time staff, and a network of more than a 100 academics and partners.
- Sets the strategic agenda and direction for the LAC regional program seeking integration with global teams including global programs, research and policy, and enabling teams.
- Leads the growth of IPA research and policy portfolio in the region and maintains a strong business development pipeline (LAC has increased by 60% revenues in the region in 2022).
- Strengthens the operational presence across IPA's LAC Country Offices (COs), including the implementation of a new operational model for projects in countries outside IPA COs, and the development of tools to identify and mitigate risks.
- Provides supervision and mentoring to Country Directors in LAC and advises them in the strategic aspects of their role to deliver IPA mission (i.e., project development, compliance-office management, partner management, policy impact opportunities, local research agendas).
- Contributes to the Global Program Strategic Planning and leads/participates in the development of policies and Standard Operation Procedures with other global teams.

August 2020
January 2022

INNOVATIONS FOR POVERTY ACTION

Deputy Regional Director for Latin America and the Caribbean

- Supported the LAC Regional Director in managing the LAC program with a strong emphasis on business development and expansion of IPA geographical footprint
- Worked with the Regional Director on the opening of the IPA Mexico office.
- Led the generation and management of new projects in countries outside IPA Country Offices (i.e., Central America and the Caribbean).
- Piloted a new operational model for projects in countries outside IPA country offices that allowed to increase by US\$3 million the revenues in the region.

September 2016
July 2020

INNOVATIONS FOR POVERTY ACTION

Country Director Peru, Bolivia, and Paraguay (PBP)

- Led IPA PBP Country Office (CO): Managed a budget of 2 to 3 million USD annually, approximately 30 full time staff, and a network of more than 40 academics and partners.
- Set the IPA PBP strategic plan including the identification of local relevant research and policy agendas, development of projects and relationships, and the creation of balanced CO structures sustained through a strong business development pipeline.
- Oversaw and initiated high quality research including budgets, quality controls, staff supervision.
- Led PBP policy work including the development of a policy engagement plan, relations with

-
- government/partners, policy dialogues and dissemination, development of new policy projects.
 - Ensured a sound operation of the IPA PBP office by overseeing a finance, operations, HR, and administrative team. Identified and deployed strategies to mitigate risk.

May 2015
August 2016

INNOVATIONS FOR POVERTY ACTION

Deputy Country Director Peru, Bolivia, and Paraguay (PBP)

- Supported the PBP Country Director in managing the PBP Country Office (CO) with an emphasis on project development, policy engagements, and research supervision.
- Project development activities included: evaluation design (i.e., power calculations, randomization, policy plan), proposal writing, and contract negotiations with donors.
- Policy engagements included: engaging with new government partners, perform policy dialogues and dissemination activities (i.e., incubators, conferences, panels, workshops).
- Research supervision: supervise and mentor a team of 20 Research Managers and Associates.

Nov 2013
May 2015

ABDUL LATIF JAMEEL POVERTY ACTION LAB

Policy Manager Peru, Bolivia, Paraguay, and Colombia

- Developed and implemented strategies for the promotion and institutionalization of the use and production of scientific evidence to inform policy: created an education laboratory to innovate education policy, drafted a law together with the Ministry of Finance to create an evaluation fund, analyzed the performance of the Commission model (i.e, Quipu Commission), designed and implemented evaluations incubators, participated and strengthened a national network of evaluation and monitoring.
- Built relationships with key partners in governments, NGOs, foundations, and multilateral aid agencies worldwide. Promoted the scale-up and replication of projects demonstrated effective.
- Catalyzed new randomized evaluation research by matching innovative projects in the region with academics.
- Designed and draft policy publications (background notes, briefcases, and bulletins) and outreach documents summarizing key academic studies.
- Delivered presentations and created memos for policy conferences and meetings; used (social) media to promote IPA and J-PAL brand.
- Led the project development efforts in the four countries by preparing and submitting proposals to donors.
- Developed strategies and tools to train IPA and J-PAL staff in conducting policy outreach.

March 2010
Nov 2013

INNOVATIONS FOR POVERTY ACTION

Research Coordinator “Targeting the Ultra Poor Graduation Program” (TUP) in two sites: Cusco, Peru and Gracias, Honduras. PIs: Dean Karlan et al. (March 2012 – November 2013)

Research Associate “Big Math Paraguay, evaluating the impact of early numeracy interactive radio instruction program” in the Cordillera Department, Paraguay. PI: Susan Parker et al. (March 2011 – February 2012)

Consultant “Evaluating the effectiveness of ICT and norm-based appeals in increasing recycling” in Piura, Peru. PIs: Dean Karlan et al. (March 2010 – September 2010)

- Tasks included: Supervision of a portfolio of three education evaluations; initiating operation in a new country (Paraguay); project and fieldwork management; development of survey and intervention plans; setting up a survey monitoring and supervision system; data collection, data management, and analysis; managing relationships with partners; presenting effectively research design and results to a variety of audience; project development.

Jul 2009
Dec 2009

Researcher Consultant, International Labor Organization (ILO) in Santiago, Chile.

- Lead researcher in the project “Enterprise labor strategies and social dialogue practices to face the financial crisis”: research design, implementation, analysis, and results presentation.

Oct 2008
Jun 2009

Project Manager, International Organization for Migrations (IOM) in La Paz, Bolivia.

- Project manager and main author in the project Gender Mainstreaming Manual for Human Counter-Trafficking. Managing a team consisting of 6 gender and counter-trafficking experts. Designing and implementing three workshops aimed to: i. obtain data on human trafficking and gender, ii. develop tools on gender mainstreaming, and iii. creating a network with government institutions, Inter-governmental agencies and NGOs involved in counter-trafficking.

May 2008
Sep 2008

Research Intern, UNICEF

- Research design including different methods (PRA, Qualitative, Quantitative). Implementation and analysis. Presenting results to policy makers and academics.

Previous experience includes (i) Research Assistant, Random socioeconomic and market studies in Madrid, Spain: and (ii) Research Assistant, Ada Byron Observatory for Digital Democracy and Internet Civil Rights in Madrid, Spain.

EDUCATION

December 2007	University of Amsterdam Msc. International Development Studies Thesis title: <i>Organizing to survive. A study on the response of Social Movement Unionism to the decline of the garment industry in Manila, The Philippines.</i> Conducting research on garment industry lay-off workers survival strategies in Metro Manila.	Amsterdam, Netherlands
July 2004	Utrecht University - Erasmus Program	Utrecht, Netherlands
October 2005	Complutense Madrid University - Ba. Sociology	Madrid, Spain

OTHER MERITS Presenter at TEDxTukuy, UCM Tuition Scholarship, UVA Stunt Scholarship, ISHSS field subsidy.

SKILLS Language: Spanish (native), English (fluent), French (basic).
Advanced proficiency – Stata, MS-Office Suite; Intermediate proficiency - R, SPSS, SurveyCTO, Kobo, CPro, Blaise, LaTeX; Basic proficiency – Python, Zotero.
