INSTRUCTION

The manager or organizer is to first create an account on https://www.neurobs.com/menu_join/join_page. This will be used to manage class creation and data export.

Create an Access Code (class experiment identification) to be used by the participants thereby ensuring a seamless collection of experiment results.

2

The CPT-X game is hosted in an app - "PsychLab 101" which can be downloaded from google play or Apple store.

Manager should ensure the participant's IDs are unique to the inshould make their own bingo cards. Once the number is called, players should recolor the box to mark it.

LETS PLAY CPT-X

In this experiment, you will be shown a series of letters, one at a time. Your task is to identify whether each letter is a target or not.

In this experiment, the target letter is: X. Any time you see X, DO NOT RESPOND. If any other letter is presented, respond by touching the screen as quickly as possible.

Try to answer as quickly as possible while still being accurate. Touch the screen when you are ready to begin. You will start by doing a few examples for practice.
