INNOVATIONS FOR
POVERTY ACTION

**Discovering and advancing
what works to
reduce poverty**

A Nobel Prize-Winning Approach

“IPA plays a crucial role in assisting researchers to run and implement experiments throughout the world.”

—Committee for the Prize in Economic Sciences in Memory of Alfred Nobel

More than just RCTs

1: Create Stronger Evidence

To deepen knowledge on how to reduce poverty

2: Share Evidence Strategically

To influence conversations & inform decisions

3: Equip Decision-Makers to Use Evidence

To improve the lives of the global poor

IPA at a Glance

22 Country Offices

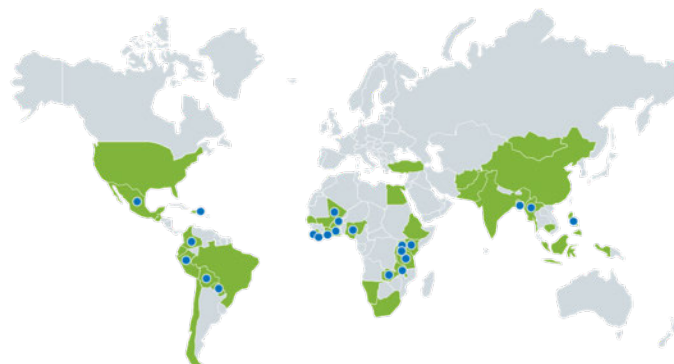

8 Program Areas

700+ Partners

600+ Researchers
in our network

850+ Evaluations to date
in 51 countries

17 Years of generating
evidence and moving
evidence to policy

IPA's Research for Effective COVID-19 Responses (RECOVER)

20+ rapid response surveys to answer critical policy questions

- On adherence to preventive measures; and the health, economic, and social ramifications of the pandemic.

90+ COVID studies to generate rigorous evidence

- Informing design of new programs (i.e. messaging to improve use of preventive measures)
- Understanding existing programs impact on people's ability to cope with the pandemic

A global collaboration to ensure data flows to inform decisions

- Advising 15+ governments
- Collaborating with peers to share information, resources, and data.
- Webinar series: coming soon

What have we learned about school management?
